

**VULTURE INNOVATION**

**PRIVATE LIMITED**

COMPANY PROFILE

**V**ULTURE INNOVATION PVT LTD  
IS DISTINGUISHED ENTERPRISE  
ESTABLISHED IN 2016.

COMMITTED TO PROVIDING INNOVATION  
**TURNKEY SOLUTIONS** & SELLING A  
STANDARD OF EXCELLENCE IN ITS  
INDUSTRY.

## MISSION

Vulture Innovation is committed to providing innovative and cost-effective solutions, for waste and pollution management issues, that meet customer needs explicitly along with aiming for environmental improvements fostering a sustainable future. The field-experience and research based solutions are to be developed for recurring environmental issues involving solid and hazardous waste management; industrial effluent treatment and re-cycling; sewage treatment; re-cycling and re-use; contaminated site management and impact assessment. Vulture Innovation will team up with highly skilled and educated Professionals from field as well as apex institutions to get assistance for pro-active, efficient and cost effective design and implementation solutions suited for our client's specific needs. The company will always maintain towering standard of business and professional conduct complying with central, state and local regulations in all respects.

## VISSION

We envision acquiring the status of one of the most appreciated environmental solution providing firms in the country for Vulture Innovation by setting up high business standards in terms of utilizing state-of-art scientific knowledge in designing and implementing solutions with sustainable and cost effective approach system to comply with them. We eventually will do our bit to contribute towards cleaner and safer environment and a sustainable future while keeping our client service unsurpassed.

## MANAGEMENT TEAM

Mr. Sajal Singh (Director)

Mr. Hari Om Agrawal (Director)

## TECHNOLOGY SPECIALIZATION

Advanced Technology for Treatment of Water And Waste Water.

## WITHOUT MEMBRANE

- Removal of Total Dissolved Solid
- Removal of Metals

**Vulture Innovation** are providing Turnkey basis Water & Waste Water Treatment Plant and Solid Waste Management Plant.

# BUSINESS

## **WATER & WASTE WATER TREATMENT**

- ◆ Sewage Treatment Plant
- ◆ Effluent Treatment Plant
- ◆ Water Softening Plant

## **SOLID WASTE MANAGEMENT**

Solution For Organic / Biodegradable Waste

- ◆ Automatic Barrel Composting Machine
- ◆ Vulture Horticulture Composting Machine
- ◆ Rapid Waste Management Machine
- ◆ Composting Machine with curing system
- ◆ Horticulture Waste Shredder
- ◆ Municipal Waste Shredder

## **AIR MONITORING**

- ◆ Ambient Air Monitoring
- ◆ Stack Monitoring

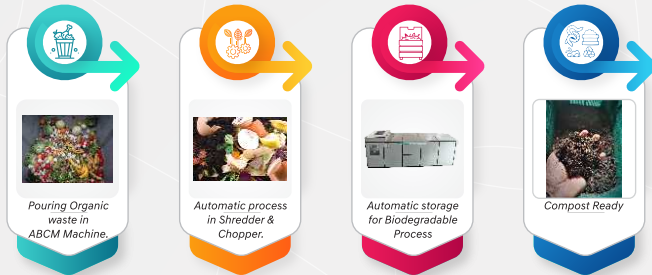

## **TECHNOLOGY AND CONSULTING**

Solid Waste and Water & Waste Water Projects

Innovative Treatment Concept Plan & Detailed Project Report

## AUTOMATIC BARREL COMPOSTING MACHINE

Food Waste to compost by Automatic Barrel Based Composting System

## VULTURE COMPOST MACHINE WITH CURING

Food Waste to Compost by Curing Based Compost Machine

## VULTURE HORTICULTURE COMPOSTING MACHINE

Horti Culture Waste to Compost by Shaft Moving Based Composting System

# TECHNICAL ADVISORY BOARD

Vulture Innovation has a specialized Technical Advisory Board having professors from IIT and NIT

## Dr. Manoj Kumar Tiwari

SCHOOL OF WATER RESOURCES  
INDIAN INSTITUTE OF TECHNOLOGY  
(IIT KHARAGPUR)

## Dr. A. R. Quaff

Department of Civil Engineering  
National Institute of Technology  
(NIT, PATNA)

## WATER AND WASTE WATER TREATMENT SOLUTIONS

## RECENTLY COMPLETED MAJOR PROJECTS WORKS

01

Supply, installation, testing, commissioning, and handover of 2600 KLD sewage treatment plants using MBBR technology for the Jaipur Railway project, completed on a turnkey basis

G. L. Constructions  
Gurugram

02

Supply, installation, testing, commissioning, and handover of a 1225 KLD sewage treatment plant using MBBR technology at Panipat, Haryana.

Eldeco Group,  
Delhi

03

Supply, installation, testing, commissioning, and handover of sewage treatment plants using MBR technology, along with a water softening plant utilizing reverse osmosis technology.

Jindal  
Sonipat, Haryana

04

Supply, installation, testing, commissioning, and handover of a 1.5 MLD sewage treatment plant with MBR Technology advanced-level electromechanical work for the **NBCC Project**.

PS Construction  
Karkardooma, Delhi

05

Supply, installation, testing, commissioning, and handover of a 260 KLD sewage treatment plant using **SBR Technology** featuring unmatched quotations and top-level material quality, completed on a turnkey basis in Gurgaon by EMAAR Group.

EMAAR Group.  
Gurgaon Haryana

06

Supply, installation, testing, commissioning, and handover of an 800 KLD sewage treatment plant using **SBR Technology**, completed within the specified timeframe

Saubhagya Milap  
Estates, Naraingarh

07

Supply, installation, testing, commissioning, and handover of a 1400 KLD sewage treatment plant using MBBR technology at Sohna, Gurgaon, Haryana

GLS Group,  
Sohna, Gurgaon

08

Supply, installation, testing, commissioning, and handover of an effluent treatment plant incorporating critical industrial water ZLD technology and modular tanks with advanced electromechanical systems, executed on a turnkey basis by Zahonero..

Zahonero  
Noida, Uttar Pradesh

09

Supply, installation, testing, commissioning, and handover of a 1 MLD water treatment plant including next-level electromechanical work, completed on a turnkey basis by Kashish Group.

Kashish Group  
Gurgaon Haryana

10

Supply, installation, testing, commissioning, and handover of 1.4 MLD and 1.3 MLD sewage treatment plants featuring advanced-level electromechanical work, completed on a turnkey basis.

Tathastu Group  
Gurgaon, Haryana

11

Supply, installation, testing, commissioning, and handover of a sewage treatment plant and a water treatment plant for the **AIIMS** project.

G. L. Constructions  
Gurgaon, Haryana

12

Supply, installation, testing, commissioning, and handover of sewage treatment plants totaling 1120 KLD using MBBR technology with advanced-level electromechanical work for the Ajni Railway Station project, successfully completed by.

Keystone Infra Build  
Chhattisgarh

13

Supply, installation, testing, commissioning, and handover of a sewage treatment plant featuring **Civil Work** on an RCC tank, approved design, and top-end material supply for electromechanical installation using MBBR technology

Anand Niketan  
Sohna Gurgaon

14

Supply, installation, testing, commissioning, and handover of a 475 KLD sewage treatment plant featuring collaborative design approval and top-end material supply using MBBR technology, successfully installed and commissioned by

Siddartha Civil Work  
JV with RITES
